DECLARATION 100712-01

Little Traverse Bay Bands of Odawa Indians Opposition to the Sport Hunting of Ma'ingan, Gray Wolf

A Declaration is a formal written public statement in support or opposition of an issue or matter. One or more Tribal Officers may sign onto a Declaration as individuals. A Declaration shall not obligate or commit the Tribe in any manner. Declarations do not require formal action by the Tribal Council.

The Waganakising Odawak is a nation of citizens with inherent sovereignty and right to self-governance;

The Little Traverse Bay Bands of Odawa Indians is a federally recognized Indian Tribe under Public Law 103-324, and is a party to numerous Treaties with the United States the most recent of which being the Treaty of Washington of March 28, 1836 (7 Stat. 491) and the Treaty of Detroit of 1855 (11 Stat. 621);

LTBB is a signatory to the federally entered 2007 Inland Consent Decree (as part of the historic *US v. MI*) which details the management and allocation of inland resources between the Tribes and the State of Michigan;

The Gray Wolf is a culturally significant species with a role and place in Odawa culture. In the creation story of the Anishnabe, Ma'ingan, the wolf is a brother to the Original Man. The two traveled together throughout the world naming everything they encountered. Afterward, the Creator had them take separate paths, but told them that both would be feared, respected, and misunderstood by others who would arrive later and that each other's fates would mirror one another;

The Gray Wolf is recognized as a biologically important species critical to bringing balance, sustainability and diversity to forest communities and ecosystems found within the LTBB Reservation and 1836 Ceded Territory;

Little Traverse Bay Bands of Odawa Indians Opposition to the Sport Hunting of Ma'ingan, Gray Wolf

LTBB Natural Resource Department (NRD) Strategic Plan's Goal 4 states the Department will Identify, Monitor and Assess Culturally Significant Fish, Wildlife and Plant Species;

LTBB NRD has developed a Ma'ingan, Gray Wolf Management Plan for the LTBB Reservation in which "lethal control" is not authorized as a management tool. Tools authorized within the Plan to avoid and manage wolf/human conflicts are the use of best management practices and the use of a suite of non-lethal control options for occurrences of depredations in addition to increased education and awareness of the benefits of wolves to the general public;

Hunting of Gray wolves is generally not considered and lacks scientific evidence to be an effective method or tool for addressing or reducing wolf/human conflict and may increase conflict;

There is a lack of scientific research or evidence ensuring that socially complex pack animals such as Gray Wolves are capable of being hunted in sustainable manner.

For the above stated reasons, the undersigned Tribal Councilors, Tribal Chair and Vice Chair declare that they are in Opposition to the Sport Hunting of Ma'ingan, Gray Wolf.

RESOLUTION NO: 30/2 - 183

OPPOSITION TO MI H.B. 5834 AND THE RECREATIONAL HUNTING OF WOLVES IN MICHIGAN

WHEREAS, in the Anishinabe biimaadziwiin (our Indian way), the wolf (Ma'iiangan) is the Anishinabek's oldest and original companion; and

WHEREAS, Ma'iiangan is one of our sacred clan creatures and is not hunted because it is a descendent of Pucky Wuss (Nana bush's companion provided by Gitchi Manitou); and

WHEREAS, Ma'iiangan has only marginally reestablished populations again where they were once extirpated within 1836 Ceded Territory; and

WHEREAS, management actions of the State of Michigan can significantly impact our nation's ability to interact with and manage for *Ma'iiangan*; and

WHEREAS, we do not believe broad-based population control measures in the form a wolf hunting season are warranted or will be effective at achieving management outcome sought in H.B. 5834; and

WHEREAS, effective tools currently do exist for citizens and resources managers and are authorized in State of Michigan Public Acts 290 and 318;

NOW, THEREFORE, BE IT RESOLVED, that the Sault Ste. Marie Tribe of Chippewa Indians is unequivocally opposed to House Bill 5834 which would designate wolves as a game species under State of Michigan law and allow for a wolf hunting season.

BE IT FURTHER RESOLVED, that the Sault Ste. Marie Tribe of Chippewa Indians is unequivocally opposed to hunting of wolves within the 1836 Ceded Territory.

DECLARATION

Demand for government to government consultation with the Michigan Department of Natural Resources and the Wolf Management Advisory Council regarding the Sacred Wolf

A Declaration is a formal written public statement in support or opposition of an issue or matter. Declarations shall be approved by Tribal Council motion.

The Waganakising Odawak is a nation of citizens with inherent sovereignty and right to self-governance; and

The Little Traverse Bay Bands of Odawa Indians is a federally recognized Indian Tribe under Public Law 103-324, and is a party to numerous Treaties with the United States the most recent of which being the Treaty of Washington of March 28, 1836 (7 Stat. 491) and the Treaty of Detroit of 1855 (11 Stat. 621); and

In accordance with the Little Traverse Bay Bands of Odawa Indians Constitution:

"IN THE WAYS OF OUR ANCESTORS, to perpetuate our way of life for future generations, we the Little Traverse Bay Bands of Odawa Indians, called in our own language the WAGANAKISING ODAWAK, a sovereign, self-governing people who follow the Anishinaabe Traditions, Heritage, and Cultural Values, set forth within this Constitution the foundation of our governance.

We will work together in a constructive, cooperative spirit to preserve and protect our lands resources and Treaty Rights, ... In keeping faith with our Ancestors, we shall preserve our Heritage while adapting to the present world around us..." and

U.S. Fish and Wildlife Service delisting the gray wolf nationwide from the Endangered Species Act to the detriment of gray wolf populations in Michigan and other states.

Now that the wolves are no longer protected under the Endangered Species Act, Michigan is considering a hunting and trapping season for Upper Peninsula gray wolves.

The State of Michigan signed the Government-to-Government Accord between the State of Michigan and the Federally Recognized Indian Tribes in the State of Michigan ("State-Tribal Accord") in 2002.

The Accord provides for "consultation", which means: a process of government-to-government dialogue between the state and the tribes regarding actions or proposed actions that significantly affect or may significantly affect the governmental interests of the other.

The wolf has cultural and spiritual significance to the Anishinaabek. Our Anishinaabek creation stories, prophecies, ceremonies and clan systems all attest that wolves are sacred among our people. One of the central teachings intertwines the fate of the wolf and the

process for government to government consultation and provide a forum that allows for Tribal Citizens' voices to be heard in accordance with the accord that was reaffirmed in by 2019-17 Executive Directive by Governor Gretchen Whitmer.

A copy of this Declaration is on file at the Tribal Council Legislative Office.

Mich. 1979), aff'd. 653 F. 2nd 277 (6th Cir. 1981), cert. denied, 454 U.S. 1124 (1981); and the Tribe's usufruct rights in inland areas of the treaty-ceded territory were confirmed by the November 2, 2007 Consent Decree (docket entry 1799 in File No. 2:73-CV-26, U.S. District Court for the Western District of Michigan); and
- WHEREAS, the gray wolf is a culturally significant species with a seminal role in Ojibwe and Odawa culture, deriving from its place in the creation story as a brother and companion to the Original Man, and by the linkage made by the Creator between the two, causing the fate of one to mirror the other; and
- WHEREAS, the gray wolf has only recently been reestablished in the State of Michigan after suffering near-extinction through the management decisions of the State and its agencies, and is the subject of an unimplemented wolf management plan developed with the assistance of tribal representatives to manage, protect and enhance the role of this species as critical to the balance, sustainability and diversity of forest communities and ecosystems in the State; and

GRAND TRAVERSE CHARLEVOIX LEELANAU BENZIE MANISTEE ANTRIM

- WHEREAS, the requirements of and obligations imposed upon the State of Michigan by the November 2, 2007 Consent Decree apply to the legislative branch as well as to the executive branch (including the Natural Resources Commission and Department of Natural Resources) of the State of Michigan's government; and
- WHEREAS, since there has been no formal discussion or consultation with the Grand Traverse Band regarding wolf management changes authorized by H.B. 5838, the Michigan Legislature, Natural Resources Commission, and/or Department of Natural Resources would be in violation of the November 2, 2007 Consent Decree if H.B. 5838 were enacted into law.
